

Does anybody know a good contractor for installing a sump pump? Thanks in advance for your help.

Rich Carr from Carr's Contracting. 488-2434. Resident of Clifton Knolls

Adirondak Basement, (518) 371-9621 is very reputable and reliable.

This goes way back, maybe 15 years or more. Gould Pumps 695-5304. Everything is still working fine.

We've had ours repaired/replaced (and a battery backup put in) by Jay Russell, Russell Heating and Cooling, 877-7877. Good guy who has done a lot of plumbing work for us.

I had a sump pump installed and connected to storm drains by Richard J Duell Plumbing and Heating 463 Schaubert Rd, Ballston Lake NY 12019. Phone - 399-5300 or 384-1567. He did an excellent job, which included working with the town on the storm drain connection.

Many years ago, when we lived in a Hanover in CK, we had Talham install a sump pump in a "pit" in the basement. A number of branches fed into this pit. It seemed to work quite well on the few occasions that it was needed. I don't know whether Talham is still in this business as opposed to building driveways.

CGM Construction, Inc. in Waterford. 235-0377. Ask for Nate.

I'd call Jack Joseph - not sure of his work # but his home number is 280-6938 - he's a contractor and if he doesn't do it then he might know someone who does
